<p>PE and Sport Priorities for 2020-21</p> <p>For the past few years, the government have been providing additional funding of £160 million per annum to improve provision of physical education (PE) and sport in primary schools. This funding is ring-fenced and therefore can only be spent on improving the provision of PE and sport in schools. #</p> <p>At Robert Browning School we ensure that our pupils have every opportunity to participate in a range of sports and receive high quality PE teaching and sports coaching. We aim to utilise the funding to increase participation in physical activity and raise achievement and enjoyment for all pupils.</p> <p>Conditions of grant: The premium must be used to fund additional and sustainable improvements to the provision of PE and sport, for the benefit of primary-aged pupils</p> <p>It is expected that schools will see an improvement against the following 5 key indicators:</p> <ol style="list-style-type: none"> 1. The engagement of all pupils in regular physical activity – kick starting healthy, active lifestyles 2. The profile of PE and Sport being raised across the school as a tool for whole school improvement 3. Increased confidence, knowledge and skills of all staff in teaching PE and sport 4. Broader experience of a range of sports and activities offered to all pupils 5. Increased participation in competitive sport 	
<p>Review: This plan will be evaluated termly by the Healthy Schools Leader working alongside the Leadership Team. The evaluated plan will be published each academic year. Evaluation will be through measuring participation, CPD evaluations, interviews with pupils and sports leaders, questionnaires with parents, staff and pupils.</p>
