Travelling Abroad

If you are planning on travelling abroad over the half term please make sure you follow Government guidance. The guidance for testing and quarantining is different depending on whether the country you are visiting is on the Green, Amber or Red list.

If you do travel abroad please let the school know which country you are travelling to and when you are due back in the UK. You can email mowens@snowsfields.southwark.sch.uk, use the Parent App or phone the school and leave a message.

Covid Symptoms

If your child shows one or more of the three main coronavirus symptoms: a temperature, a new continuous cough or a loss or change in taste or smell then they must take a PCR test. A Lateral flow (rapid) test is only to be used when a person has no symptoms.

Well done everyone for all your hard work!

If your child develops any Covid symptoms over the half term holiday please make sure you get them tested and let the school know immediately. You can email mowens@snowsfields.southwark.sch.uk or use the Parent App.

Travelling abroad this Half Term

If you are planning on travelling abroad over the half term please make sure you follow Government guidance. The guidance for testing and quarantining is different depending on whether the country you are visiting is on the Green, Amber or Red list.

If you do travel abroad please let the school know which country you are travelling to and when you are due back in the UK. You can email mowens@snowsfields.southwark.sch.uk, use the Parent App or phone the school and leave a message.

Responding to a suspected case of Coronavirus

Please do not send your child to school if they are unwell. If they have a high temperature, loss of smell or taste or a new, continuous, dry cough, please let us know and book your child to be tested immediately. There is a list of other symptoms available on the NHS and Government website.

Anyone displaying Coronavirus symptoms in school will be sent home immediately and will need to follow the Government guidelines for self isolation.

- Child with symptoms will be sent home and must arrange a test
- Siblings will be sent home
- Other families in the class/bubble will be notified
- Other children in that group can continue to come to school until the test results are back
- If the test is positive, the symptomatic child must self-isolate for 10 days, siblings for 10 days and the same group children and staff for 10 days. We will also notify Public Health England in Southwark for further guidance
- If negative, the child can return when better
- If parents refuse to test their child, we will notify Public Health England in Southwark who will follow this up with the family, GP and complete a risk assessment. They will advise the school on our next steps.

Test and Trace Support Payment

Parents and carers of children who have been advised to self-isolate by their education setting or by NHS Test and Trace are now able to apply for a [Test and Trace Support Payment](#) or discretionary payment of £500, if they meet the eligibility criteria. The extension of the Test and Trace Support Payment scheme, which is administered by district and unitary local authorities in England, ensures that parents receive the financial support they need if they are unable to attend work due to childcare responsibilities.

Parents and carers should apply to their local authority to receive a payment. Applications for the Test and Trace Support Payment scheme are made via the local authority in which the parent or carer resides, not the local authority where the setting is situated, if these are different.

To be eligible applicants must meet all of the criteria that:

- they are the parent or guardian of a child or young person in the same household and need to take time off work to care for them while they self-isolate. This is limited to one parent or guardian per household for the child or young person's self-isolation period
- they are employed or self-employed
- they cannot work from home while undertaking caring responsibilities and will lose income as a result they meet all the other means-tested eligibility criteria for a Test and Trace Support Payment or locally determined criteria for a discretionary payment

That their child or young person:

- is aged 15 or under (or 25 or under with an Education, Health and Care Plan (EHC)) and normally attends an education or childcare setting
- has been told to self-isolate by NHS Test and Trace or by their education or childcare setting because they have been identified as a close contact of someone who has tested positive for coronavirus (COVID-19)

Asymptomatic testing information for parents and adults with children at school

Undertaking regular, rapid coronavirus (COVID-19) testing helps reduce transmission of the virus. Parents and other adults in households with children at school or college, who do not have symptoms, can now access regular, rapid coronavirus (COVID-19) testing. This includes childcare and support bubbles.

Tests are fast, easy and completely free. There are [different ways](#) for a household, childcare or support bubble to collect their test to take at home, twice-weekly:

- through your employer, if they offer testing to employees
- by collecting a home test kit from a local test site – anyone aged 18 or over can collect 2 packs of 7 tests
- by ordering a home test kit online – please do not order online if you can access testing through other routes, this frees up home delivery for those who need it most

If you have any queries about the tests, and you live in England, please call 119 (free from mobiles and landlines). Lines are open every day from 7am to 11pm.

Children of primary school age (and below) without symptoms are not being asked to take a test.

Testing is voluntary, but strongly recommended to all who are eligible. Alongside the vaccine, washing hands, wearing face coverings, and maintaining social distancing, rapid testing plays a vital role in reducing transmission rates. Getting into the habit of regular testing as part of our everyday lives will help us all to play our part and do what we can to protect each other.
