## COVID Update

On **Monday 19<sup>th</sup> July** the Covid guidance is changing.

**As we only have one week left of term we have decided to keep everything as it currently is.**

In **September**, when the children return, we will be making some changes:

- In the mornings drop off will remain the same – between 8.45-9.00am at the gate.
- At the end of the day you will be able to come into the playground to collect your children at 3.30pm. (all classes). Once you have collected your children please leave straight away and avoid congregating with other parents.
- Face coverings will be personal choice.
- If you wish to contact the school please continue to call, email or use the App.
- Your child will still be sent home and need to get a test if they have any of the Covid symptoms. Other children and adults they have had close contact with will only have to self-isolate if directed by Track and Trace.
- We will still continue to follow good hand hygiene procedures (regular hand washing / sanitising) and regular, thorough cleaning around school.
- You will receive further information in September.

## Travelling abroad over the summer

If you are planning on travelling abroad over the Summer please make sure you follow Government guidance. The guidance for testing and quarantining is different depending on whether the country you are visiting is on the Green, Amber or Red list.

**If you do travel abroad please let the school know which country you are travelling to and when you are due back in the UK.** You can email [mowens@snowsfields.southwark.sch.uk](mailto:mowens@snowsfields.southwark.sch.uk), use the Parent App or phone the school and leave a message.

## Asymptomatic testing information for parents and adults with children at school

Undertaking regular, rapid coronavirus (COVID-19) testing helps reduce transmission of the virus. Parents and other adults in households with children at school or college, who do not have symptoms, can now access regular, rapid coronavirus (COVID-19) testing. This includes childcare and support bubbles.

Tests are fast, easy and completely free. There are [different ways](#) for a household, childcare or support bubble to collect their test to take at home, twice-weekly:

- through your employer, if they offer testing to employees
- by collecting a home test kit from a local test site – anyone aged 18 or over can collect 2 packs of 7 tests
- by ordering a home test kit online – please do not order online if you can access testing through other routes, this frees up home delivery for those who need it most

If you have any queries about the tests, and you live in England, please call 119 (free from mobiles and landlines). Lines are open every day from 7am to 11pm.

Children of primary school age (and below) without symptoms are not being asked to take a test.

Testing is voluntary, but strongly recommended to all who are eligible. Alongside the vaccine, washing hands, wearing face coverings, and maintaining social distancing, rapid testing plays a vital role in reducing transmission rates. Getting into the habit of regular testing as part of our everyday lives will help us all to play our part and do what we can to protect each other.
