

EQUALITY AND INCLUSION POLICY 2025

THE BRIDGES FEDERATION STATEMENT ON EQUALITY

The Bridges Federation are committed to equality both as an employer and a service-provider. We aim to make sure that no-one experiences harassment, less favourable treatment or discrimination because of their age, any disability they may have, their ethnicity, colour or national origin, their gender, their gender identity or reassignment, their marital or civil partnership status, being pregnant or having recently had a baby, their religion or beliefs, their sexual identity and orientation.

We are committed to

- Ensuring that everyone is treated fairly and with respect.
- Making our school a safe, secure and stimulating place for everyone.
- Consulting and involving people from different groups in our decisions, for example, through talking to pupils and parents/carers and through our School Council.
- Recognising that people have different needs and that promoting equality will involve addressing those needs rather than treating everyone the same.

We welcome the emphasis in the Ofsted inspection framework on the requirement for leaders to promote equality of opportunity and diversity, resulting in a positive school culture, working together to prevent discriminatory behaviour.

We welcome our duty under the Equality Act 2010 which requires us to publish information that demonstrates that we have due regard for the need to:

- Eliminate unlawful discrimination, harassment, victimisation and any other conduct prohibited by the Equality Act 2010
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it
- Foster good relations between people who share a protected characteristic and people who do not share it, in particular to the need to tackle prejudice and promote understanding.

This policy meets our specific duty to publish information every year which sets out how we are doing this.

1. INFORMATION

The Bridges Federation is made up of three one form entry primary schools in central London. Current numbers of children on roll are 185 (Snowsfields), 194 (Robert Browning) and 193 (Tower Bridge.) At Tower Bridge there are 94 boys and 99 girls, at Robert Browning 100 boys and 94 girls and at Snowsfields 98 boys and 87 girls. Mobility is high across all 3 schools.

At all three schools the ethnic make-up of the pupil body is largely in line with the averages for other Southwark schools with high percentages coming from minority ethnic groups. At Snowsfields 80% of pupils are from minority ethnic groups; the 2 largest groups are 25% Black African, 19% White British. 44% of pupils have EAL. At Tower Bridge 63% of pupils are from ethnic minorities; the 2 largest groups are 23.3% White British 12.4% Black African, 29% have EAL. At Robert Browning 98% of pupils are from minority ethnic groups; 2 largest groups are 33.8% Black African, 14.6% Other Ethnic backgrounds. 59.2% have EAL.

At Snowsfields special educational needs are high, with 23% of pupils at SEN support and 12.6% of pupils with an EHC Plan (this includes the resource base for children with autism). At Tower Bridge 21% of pupils receive additional SEN support and 6.2% have an EHC Plan. At Robert Browning 43% of pupils receive SEN support and 13% have an EHC Plan.

We take all allegations seriously and treat all individuals with respect, in line with the school's policies and procedures. Your privacy and safety are our highest priorities. All reports will be handled with discretion and in alignment with our policies on confidentiality.

Equality Act 2010 definition of harassment:

- Unwanted conduct
- Related to a relevant protected characteristic
- Purpose or effect of violating dignity or creating intimidating, hostile, degrading, humiliating or offensive environment

Bullying is unwanted behaviour from a person or group that is either:

- offensive, intimidating, malicious or insulting
- an abuse or misuse of power that undermines, humiliates, or causes physical or emotional harm to someone

Bullying might:

- be a regular pattern of behaviour or a one-off incident
- happen face-to-face, on social media, in emails or calls
- happen at work or in other work-related situations
- not always be obvious or noticed by others

Under the Equality Act 2010, bullying behaviour may be harassment if it relates to a protected characteristic.

Be aware that the school does not tolerate sexual harassment and that sexual harassment is against the law.

ANTI-BULLYING STATEMENT

We are committed to providing a caring, friendly and safe environment for all of our pupils so they can learn in a relaxed and secure atmosphere. Bullying of any kind is unacceptable at our school. If bullying does occur, all pupils should be able to tell and know that incidents will be dealt with promptly and effectively. We are a TELLING school. This means that anyone who knows that bullying is happening is expected to tell the staff. As a school we take bullying seriously. Pupils and parents should be assured that they will be supported when bullying is reported. Bullying will not be tolerated

ETHNICITY AND RACE (INCLUDING EAL LEARNERS)

The Governors aim to:

- Be aware of and counter racism and the discriminatory practices to which it gives rise.
- Be aware of and to provide for the particular needs of pupils having regard to their ethnic, cultural, historical, linguistic and religious backgrounds.
- Prepare all pupils for life in our multicultural society and build upon the strengths of cultural diversity.

In order to achieve these aims, we commit ourselves to:

- Support the recommendations of the Stephen Lawrence Enquiry, namely by recording all racist incidents and ensure that these are reported to the full Governing Body and the LA. Incidents should be reported to parents/carers as appropriate.
- Developing our understanding of the principles and practices of equalising opportunities and implementing them.
- Active consideration of our own practices in order to ensure they are fair to all.
- Increasing empathy with the needs, aspirations and demands of the minority ethnic communities and responding sensitively to them.
- Encourage the participation of black and minority ethnic representation and participation in all decision making processes.
- Monitor staffing and staff development, in order to encourage applicants from minority ethnic groups and ensure training and career needs are met.
- Encourage the recruitment of black and minority ethnic governors.

- When reviewing the curriculum to ensure that it is appropriate to all and adequately represents the multicultural nature of our society staff are aware that it needs to be appropriate to all and adequately represents the diverse nature of society.
- Ensure that this curriculum is structured in such a way that all members of the school community have equal access and ability to succeed.
- Enable all our pupils to recognise and learn from the rich diversity of multicultural Britain and develop positive responses to our society.
- Review the ethnicity of excluded pupils to ensure that exclusion is not the outcome of unwitting racism.
- Ensure all staff have access to diversity awareness training as necessary.

We expect the following practice from all adults involved in the school:

- Work together to prevent racial harassment.
- Be actively opposed to racism and any form of harassment.
- Take full responsibility for dealing with any form of racism and report the incident to the relevant line manager.
- Provide support and counselling for victims of racism.
- Zero tolerance regarding any racist comments, literature and graffiti within the school premises.
- Challenge racist attitudes, structures and practices of external organisations with which the school has dealing.
- Ensure that racism does not appear through exclusiveness in groupings of any nature within the school.
- Work sensitively to ensure that every child is able to value his/her uniqueness and cultural traditions.
- Consider our multicultural society in every communication/display/ report.
- Use the taught curriculum, particularly in terms of RE and PSHE, to inculcate habits of right thinking which are essential in combating racism.
- Recognise and share in the celebration of a variety of festivals.

The Bridges Federation stands united in our commitment to tackle and challenge racism, injustice and inequality. To say nothing is not good enough, to do nothing is not good enough. Now is the time for careful reflection about what we think, what we say and what we teach, a time to ensure that our curriculum reflects the diversity of our school community, reflects the truth and encourages us to

question and challenge. We need to listen more and live up to the values we promote across our federation; respect, empowering everyone, celebrating diversity.

DISABILITY

We are committed to ensuring equality of education and opportunity for disabled pupils, staff and all those receiving services from the school. We recognise and welcome the proactive nature of the duty to promote disability equality and aim to develop a culture of inclusion and diversity in which people feel free to disclose their disability and to participate fully in school life. We will make reasonable adjustments to make sure that the school environment is as accessible as possible. We believe that diversity is a strength of the school, which should be respected and celebrated by all those who learn, teach and visit here.

The DDA 2005 defines a disabled person as someone who has a 'physical or mental impairment, which has a substantial or long-term adverse effect on his or her ability to carry out normal day-to-day activities.' In line with the DDA 2005, we aim to:

- Promote quality of opportunity between disabled persons and other persons
- Eliminate discrimination that is unlawful under the Disability Discrimination Act (1995).
- Eliminate harassment of disabled persons that is related to their disabilities
- Promote positive attitudes towards disabled persons
- Encourage participation by disabled persons in the life of the school
- Take steps to take account of disabled persons' disabilities, even where that involves treating disabled persons more favourably than other persons

We will not tolerate disability related harassment and will deal with it through our relevant established procedures. All staff are responsible for ensuring that incidents of disability related harassment or disability discrimination are recorded and referred to the relevant member of the senior leadership group. We will monitor and report on such incidents on a regular basis. Breaches of our policy on disability equality will be dealt with in accordance with the disciplinary provisions set out in the relevant school policy.

We plan to increase access to education for disabled pupils by:

- Increasing the extent to which disabled pupils can participate in the school curriculum.
- Improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services.
- Improving the delivery of information to disabled pupils, to the standard of which is provided in writing for pupils who are not disabled.

Please see SEN School Information reports for The Bridges Federation.

GENDER

We welcome the requirements of the Gender Equality Duty and this section sets out our commitment to meeting the duty. We will give due regard to the need to:

- Eliminate unlawful discrimination and harassment on the grounds of sex, including domestic violence, sexual violence, bullying and exploitation.
- Promote equality of opportunity between women and men in all of our functions.

RELIGION AND BELIEF

Our school recognises the need to consider the actions outlined by the Equality Act 2009 (Religion & Belief) which requires us to assess the impacts of our policies, functions and procedures have on promoting equality for people based on their religion, belief and non-belief. We respect the religious beliefs and practice of all staff, pupils and parents and we comply with reasonable requests relating to religious observance.

SEXUAL IDENTITY AND ORIENTATION

Our school recognises the need to protect students from unlawful discrimination and harassment on grounds of sexual orientation as required by the Equality Act (Sexual Orientation) Regulations 2007. We are committed to taking a proactive approach to preventing all forms of homophobia within the school and will assess the impacts of our policies, functions and procedures on promoting sexual orientation equality as part of the Equality Impact Assessment process.

3. OUR EQUALITY OBJECTIVES

The Equality Act 2010 requires us to publish specific, achievable and measurable equality objectives. Our equality objectives are based on our analysis of data and other information. Our equality objectives focus on those areas where we have agreed to take action to improve equality and tackle disadvantages. We will regularly review the progress we are making to meet our equality objectives. As a one form entry school, numbers in particular groups are often small and outcomes for different cohorts often vary each year.
